

Abberton and Langenhoe Parish Council

20's Plenty for Abberton and Langenhoe.

Residents consistently tell Abberton and Langenhoe parish council (ALPC) the speed of vehicles travelling through the villages is excessively high. We realise there is a balance for the need of traffic passing through the village and the requirement to provide a safe and pleasant environment for people who live, work, shop, play and learn here. ALPC believe the balance is currently in favour of vehicles. We are asking for Essex County Council (ECC) to implement a 20 mph speed limit where there is currently a 30 mph limit.

The first step in that process is to engage with our residents and organise a petition and present it to the Leader of Essex County Council, and our county cllr Kevin Bentley.

Sign the petition

Please use the link below to access the petition. The full text of the petition is also included.

[20's Plenty for Abberton and Langenhoe.](#)

Anyone who lives, works, or uses the roads in the villages can sign it. The petition can be signed by children if they understand and agree the content.

If you have any comments, queries or questions please, either contact one of the Parish Councillors air them here, of course at all times following the 'house rules'.
